

STSA Privacy Statement

The Southern Thoracic Surgical Association (STSA) is providing information and services on the Internet as a benefit and a service to its members and others. STSA is committed to protecting the privacy of members and others who utilize its Web site. STSA will not share financial information gathered on this site with third parties.

STSA uses an order form and "shopping cart" system for customers to purchase products and services offered on the site. STSA collects user contact information (such as name, address, telephone numbers, and e-mail addresses) and financial information (such as credit card numbers) for use in processing and fulfilling orders for products and services. STSA may also use a purchaser's information to contact the purchaser when necessary. Financial information collected on the site is used only to bill the purchaser for products and services. Limited personally identifiable information (such as name and address) is occasionally shared with third parties, generally so these parties can send you promotional materials about educational programs or goods and services.

STSA uses various technologies and security measures to protect the loss, misuse, and alteration of the information under its control. STSA uses modern security and encryption services (SSL by VeriSign) to secure credit card transactions.

Please direct any questions about this Privacy Statement to stsa@stsa.org. The payment processing portion of the STSA Web site is hosted by AVECtra, which also provides an on-line Privacy Statement at <http://www.avecetra.com/pages/PrivacyPolicy.aspx>.
